## Item # See our new NM4Walls Acoustical Wall Covering, Barriers

### Barriers

Noisemaster EVA Barrier is a mass loaded, flexible, tough barrier that reduces sound transmission through floors, walls and ceilings. EVA is a 1 lb. per sq. ft. loaded flexible barrier that is easily cut with a utility knife and is available in rolls of 54" wide by 30' lengths. It is economically priced, readily available and contains no plasticizers.

Noisemaster barriers have a minimum continuous operating temperature range from -40 to +225°F and are resistant to water, oils, weak acids, alkalies, fungi and have excellent weather resistance.
