Item # item-1006, Sound Absorptive Banners

Sound Absorptive Banners

NOISEMASTER® Banners are lightweight, colorful and effective at reducing reverberant noise in arenas, gymnasiums, atriums, natatoriums and any other room where sound reverberation is a problem. Noisemaster banners are available in both vertical and horizontal (draped) type models. These banners are available in sizes up to 4ft wide by 25ft long. Grommets are installed along one or both edges to facilitate mounting.

- Lightweight
- Effective
- Versatile
- Economical
